WHY SHOULD YOU CONSIDER PRO-LAK® FOR YOUR DAIRY

Quality Delivers the Essential Amino Acid Profile for maximum production.

Consistency This fixed formula product delivers a nutrient profile with less variation than most standard feed ingredients.

Research Proven In a 7,289-cow multi-university study, early lactation cows produced 5.82 lbs. more milk.
Experience Over 30 years experience in manufacturing and marketing marine and animal protein concentrates and 150 years experience in business.
